INSTRUCTIONS FOR BRINGING THIS FULL INSTALLATION INTO YOUR SPACE

SUPPLY LIST

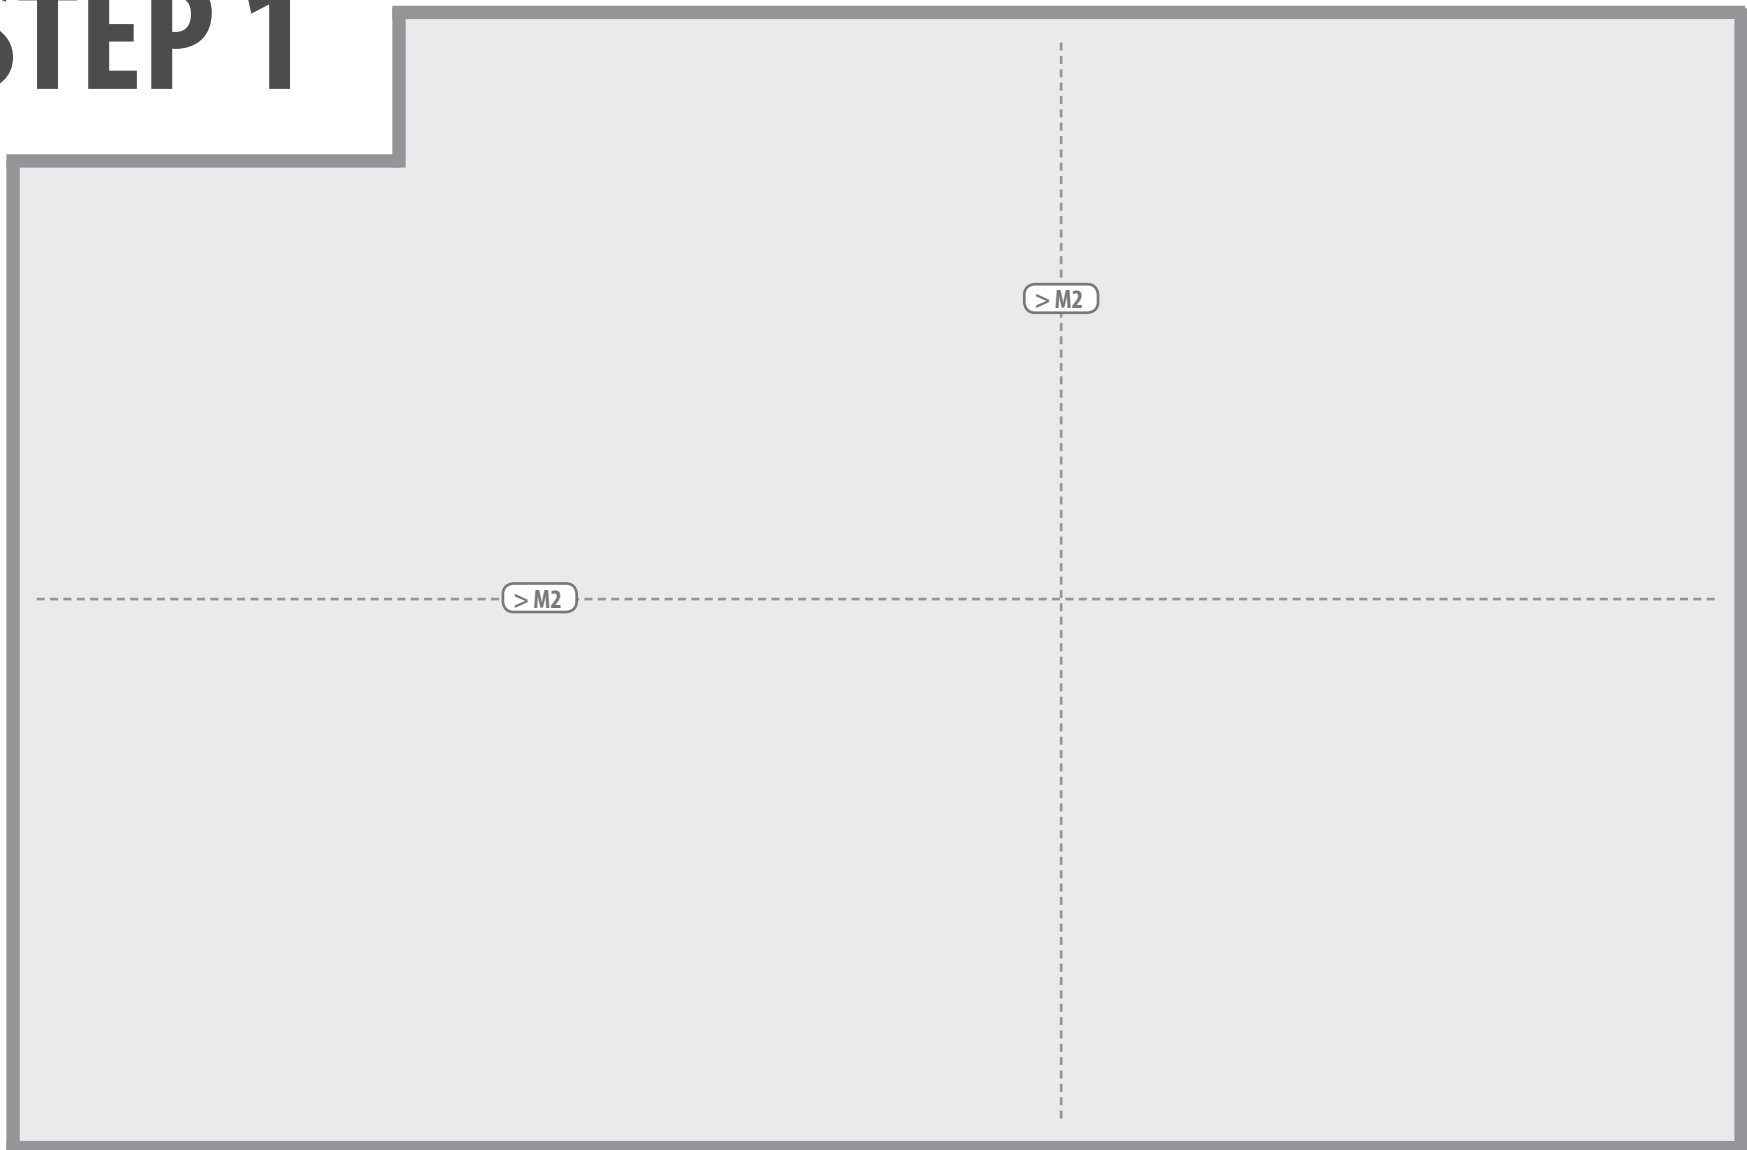

Flat White Paint
One Roller Sleeve
One Roller Handle
One Large Brush
One Small Brush
One Soft Graphite Pencil
One Solid Eraser
One Pencil Sharpener
One Spool of String

NECESSARY MEASUREMENTS

Measure the maximum length of your gait.
Add 18 inches and record.
Label this measurement M1.

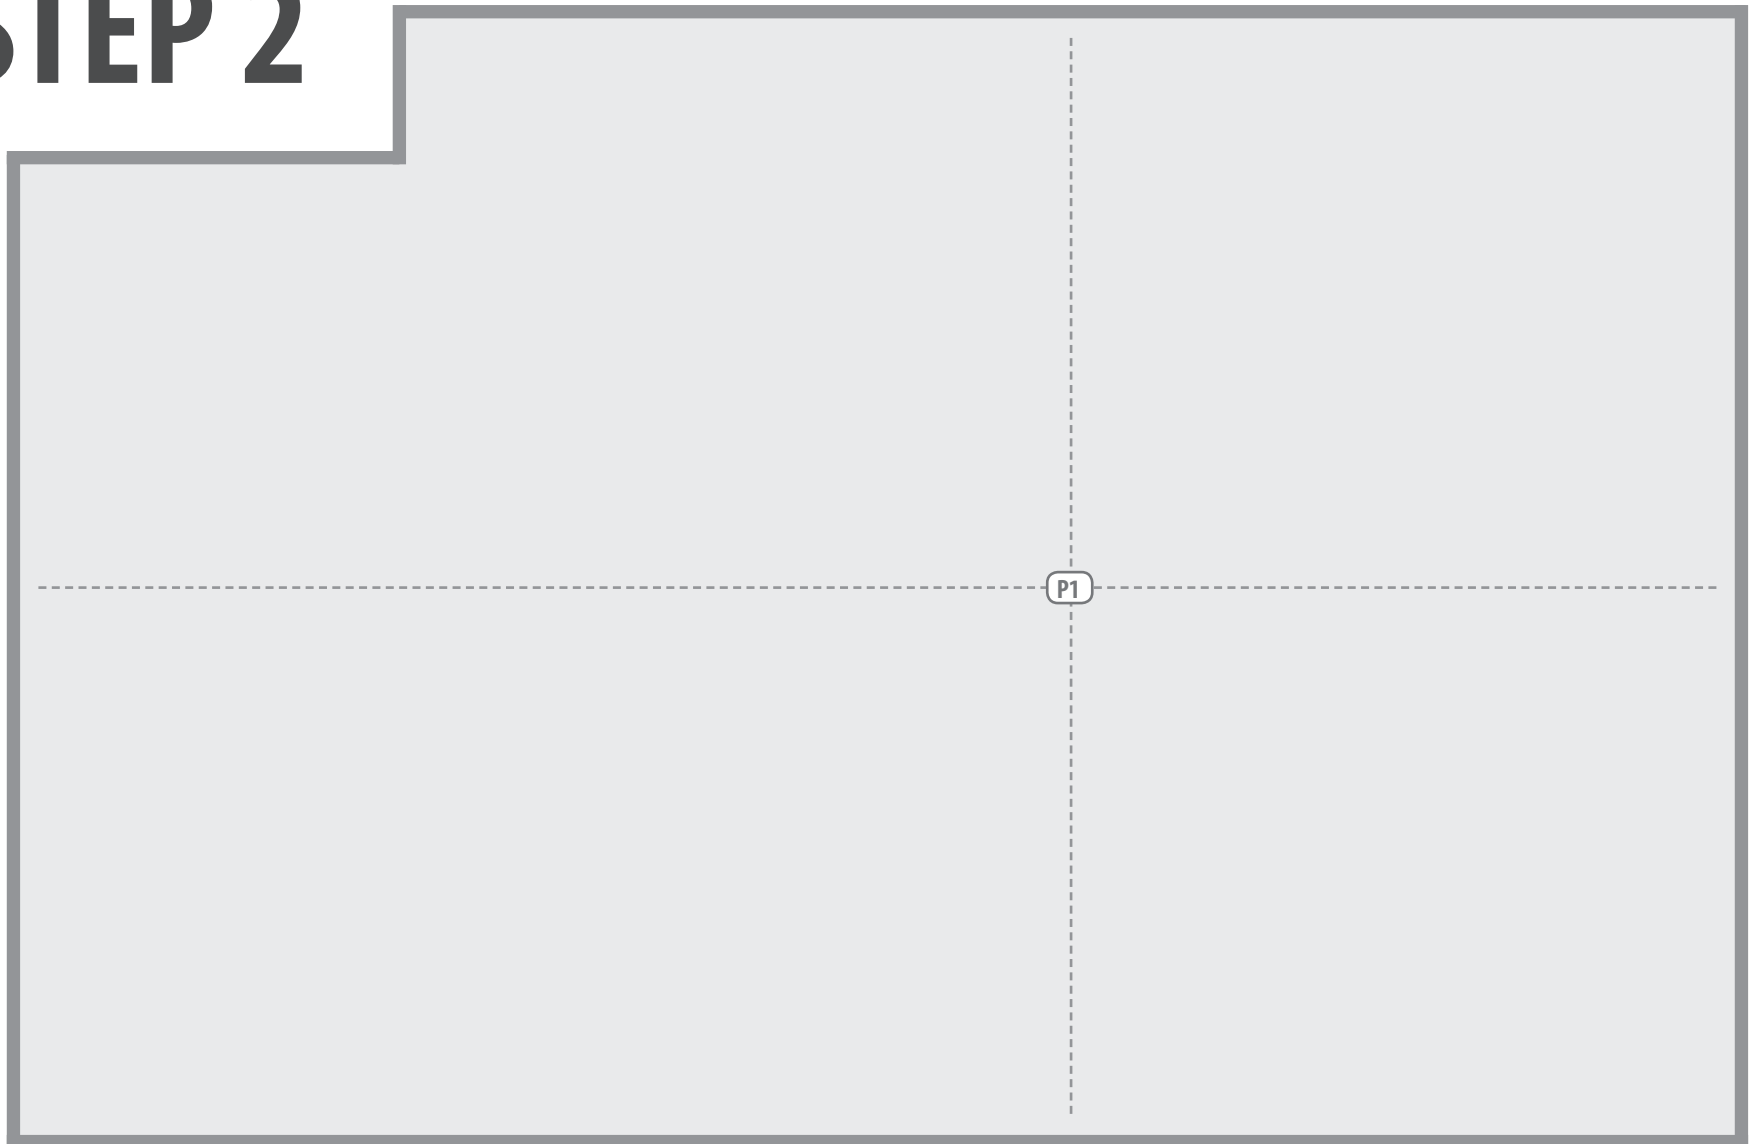

Double M1 and add 24 inches.
Label this measurement M2.

STEP 1

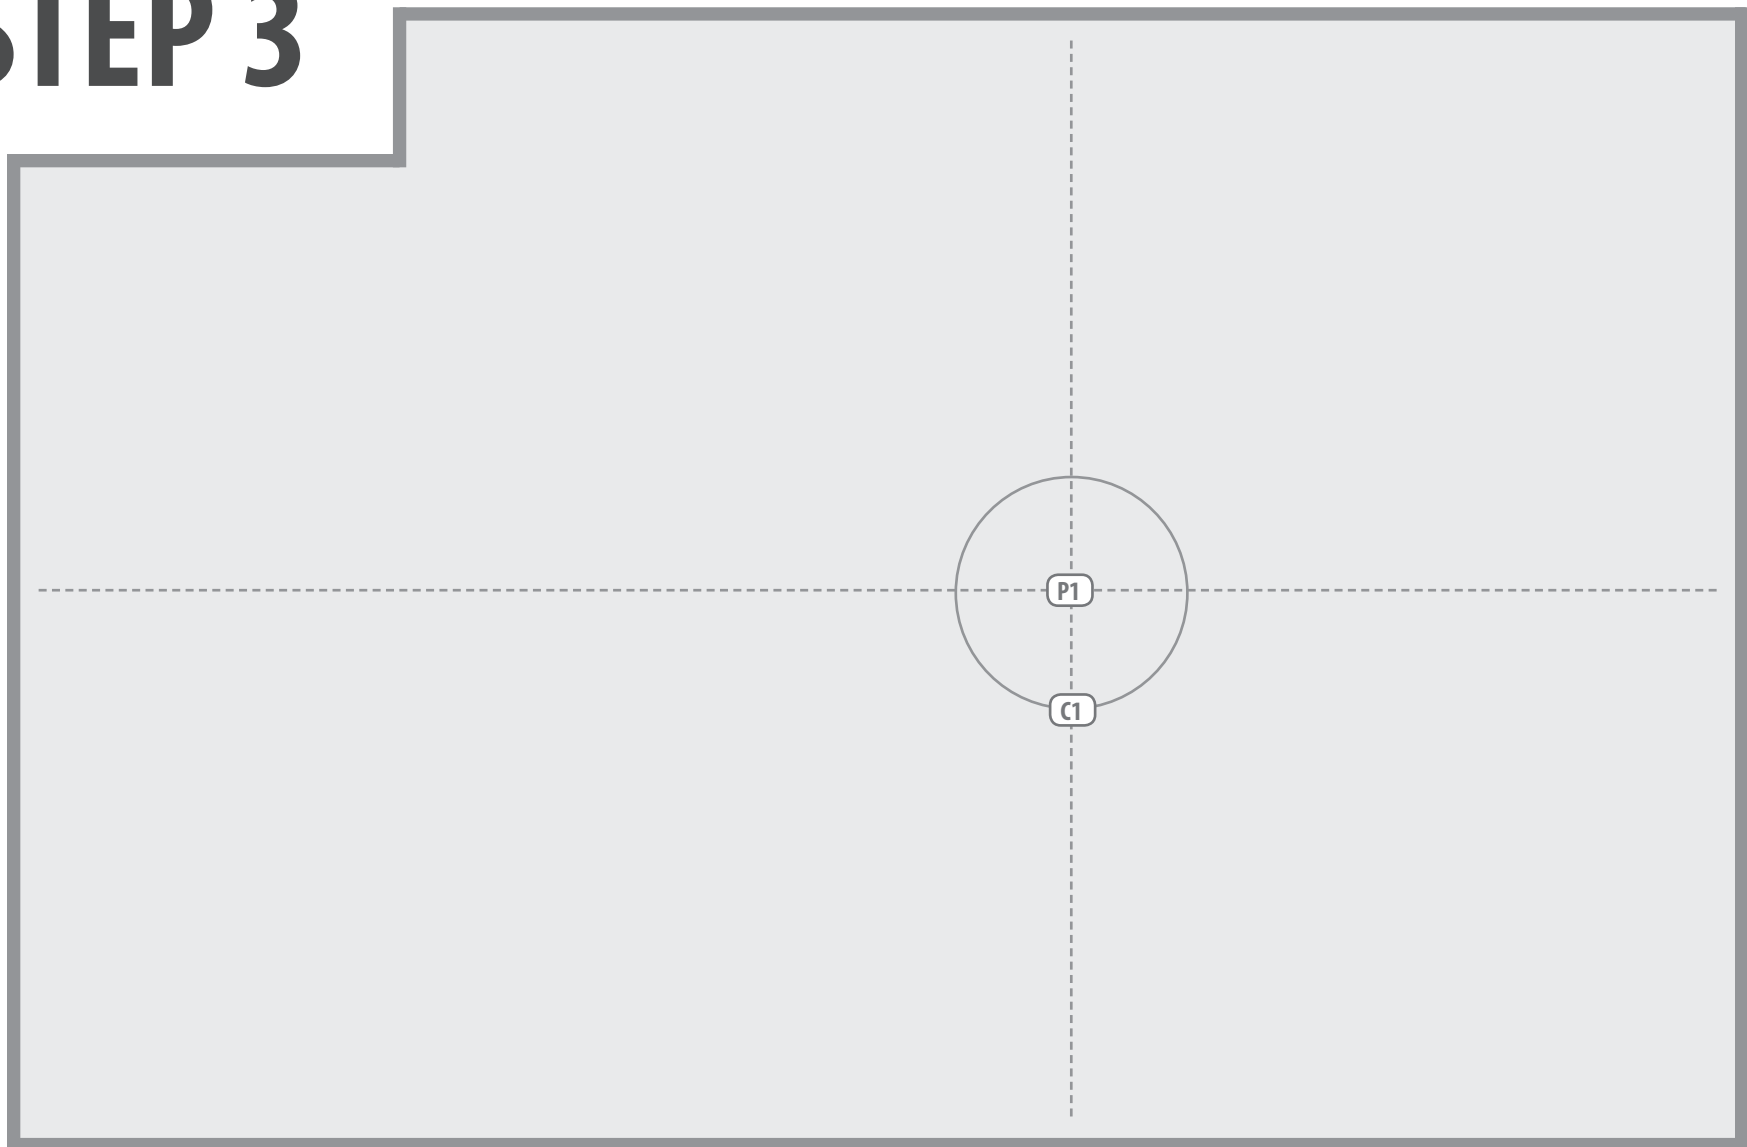

Choose a room for your installation that has a length and width equal to or greater than M2.

STEP 2

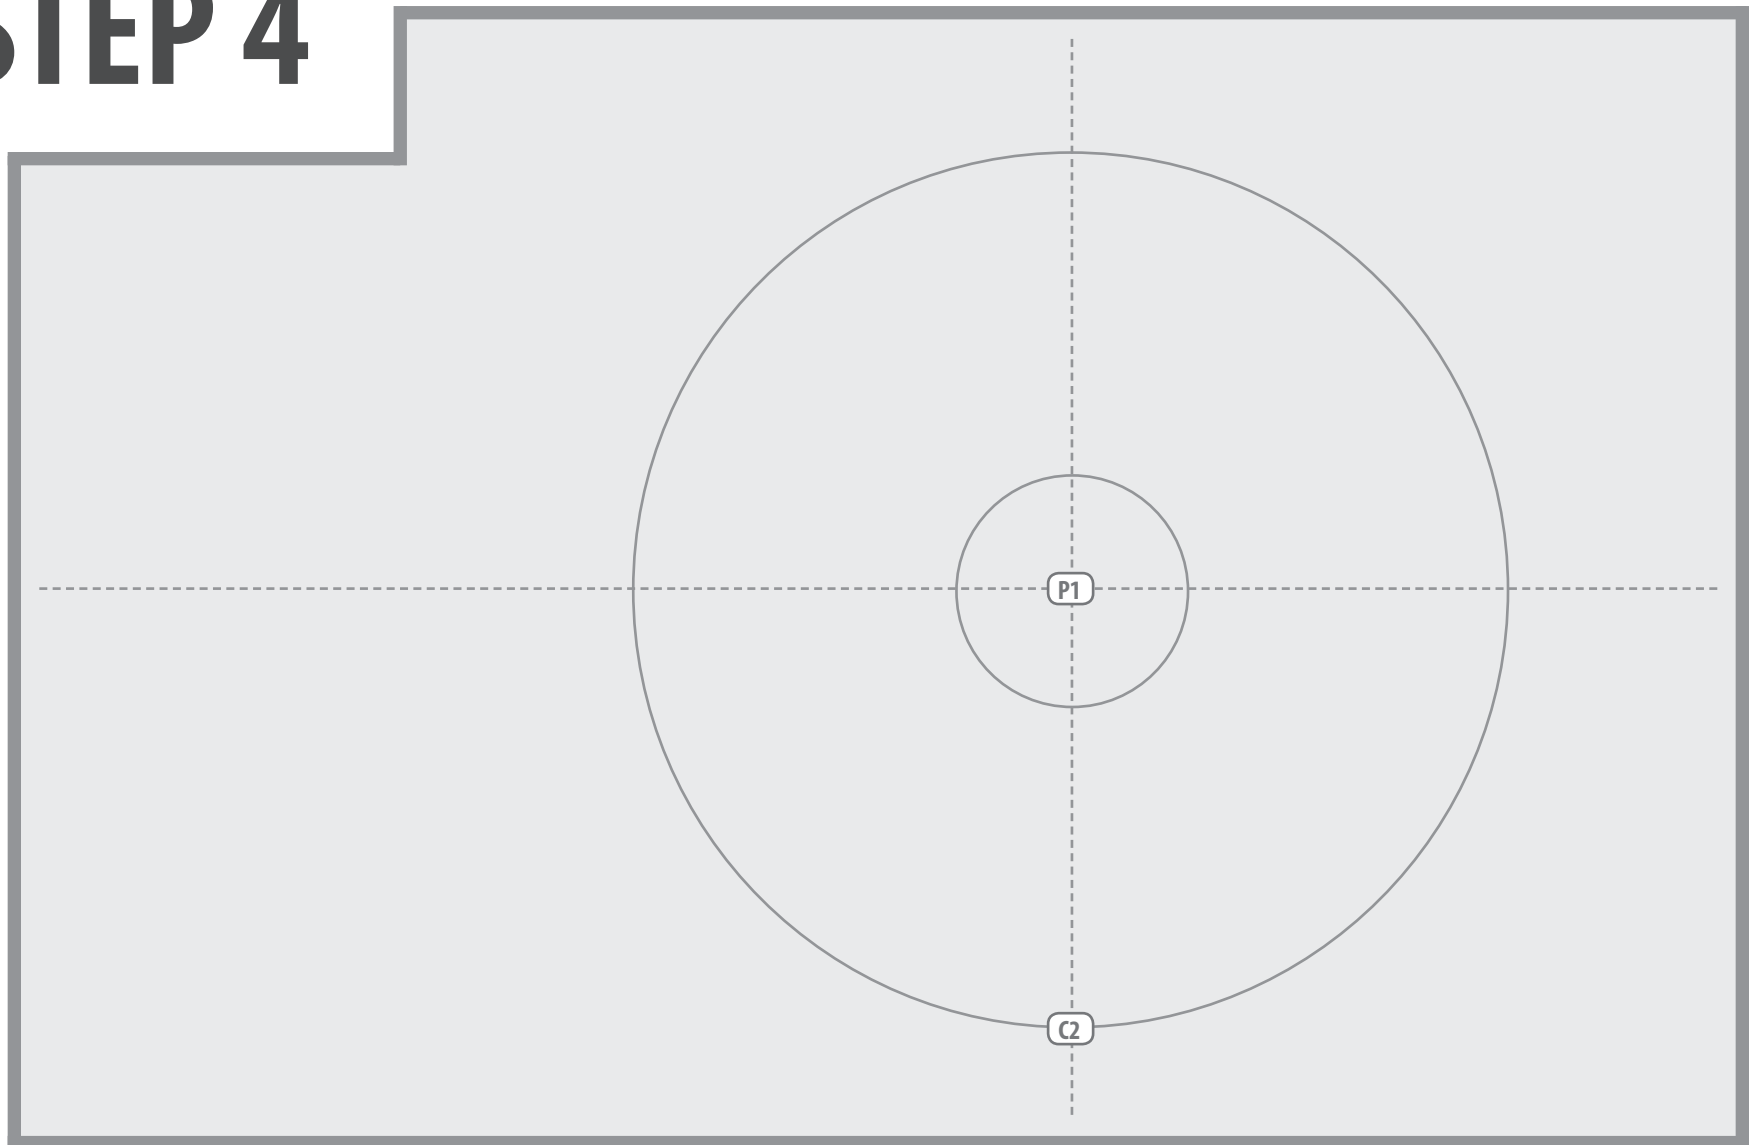

Identify a point on the floor of your chosen space that is at least the length of M2 in length and width from the edges of your floor. Label this point P1.

STEP 3

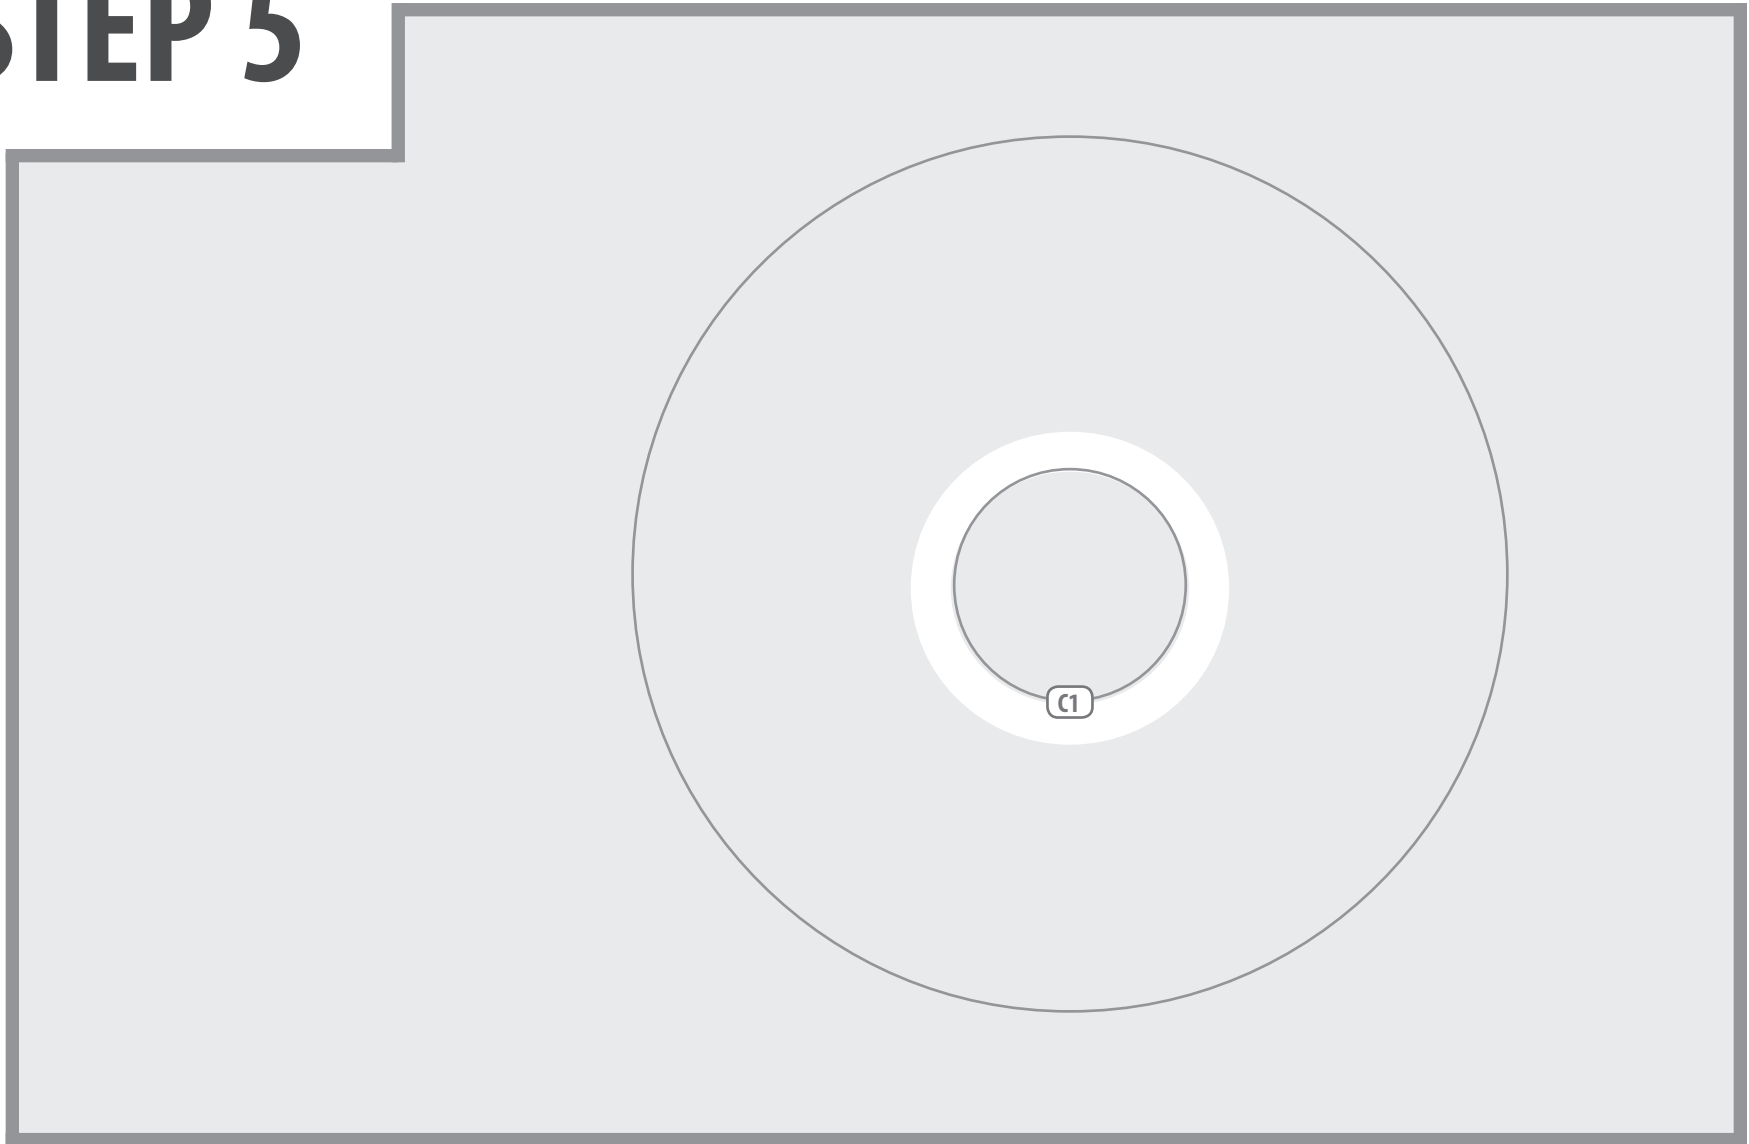

Using your string and nail to make a compass, draw a circle around P1 with a radius of 12 inches. Label this circle C1.

STEP 4

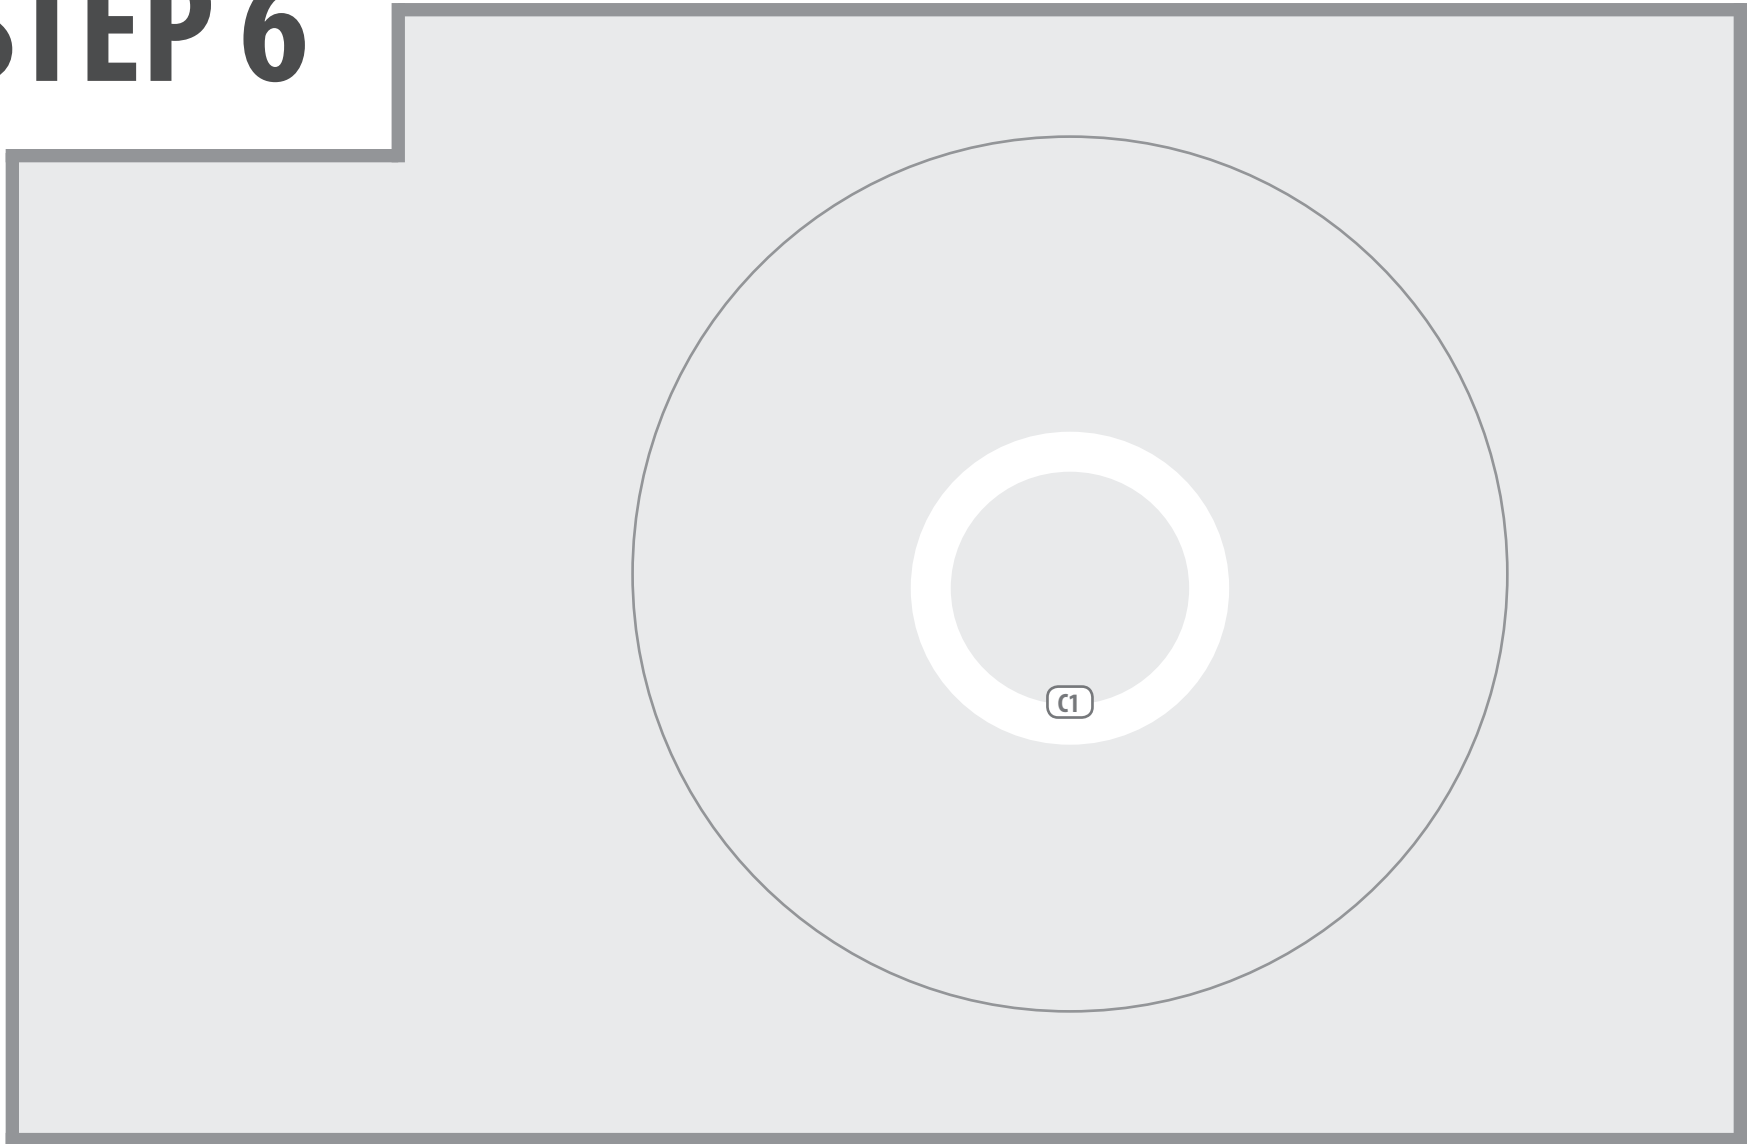

Using your string and nail to make a compass, draw a circle around P1 with a radius of M2. Label this circle C2.

STEP 5

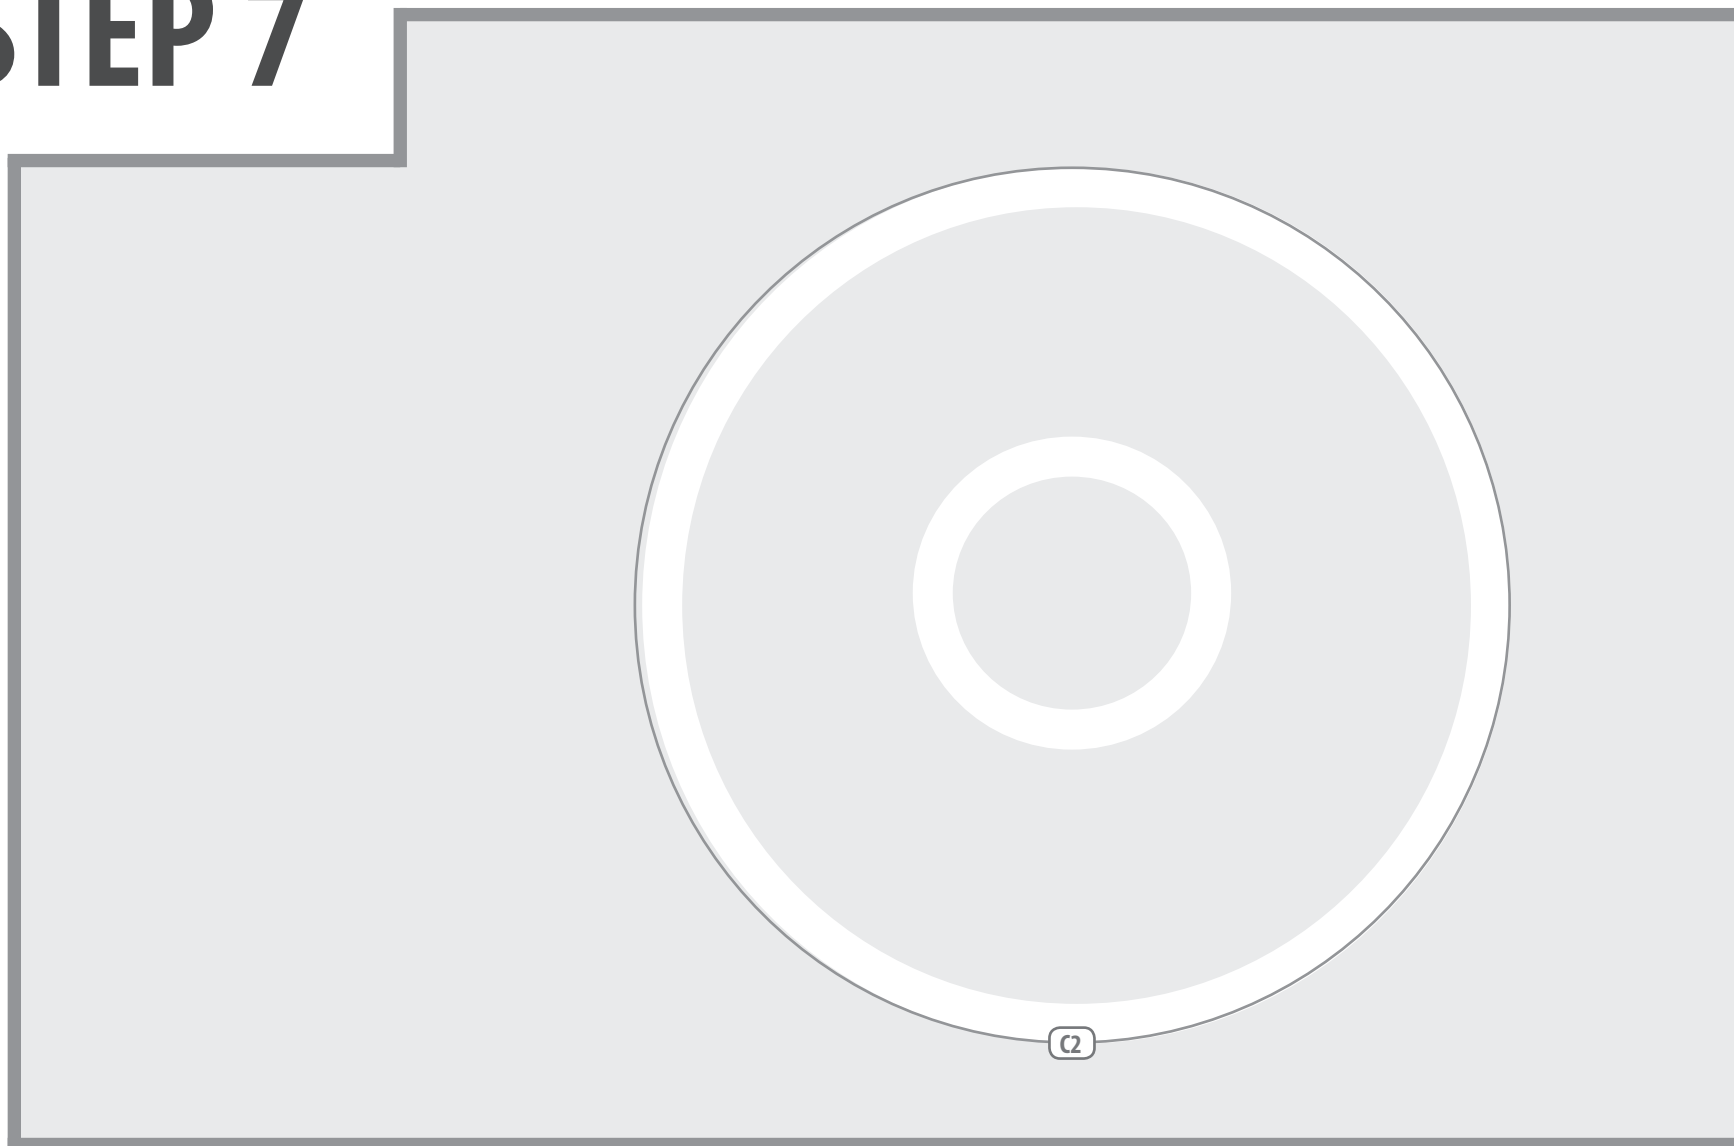

Using your paint brushes and multiple coats of your flat white paint, trim the outside edge of C1 to a width of at least 3 inches.

STEP 6

Using your eraser, erase the pencil line made for C1 in Step 3.

STEP 7

Using your paint brushes and multiple coats of your flat white paint, trim the inside edge of C2 to a width of at least 3 inches.

STEP 8

Using your eraser, erase the pencil line made for C2 in Step 4.

STEP 9

Using your paint roller, multiple coats of your flat white paint and beginning at the outside edge of C1, paint your floor toward the inside edge of C2.

STEP 10

Careful not to disrupt the crisp, clean emptiness of the flat white paint now surrounding your chosen place, return your room to a usable state.
